

# Confirmation of additional funding concerning **GREEN TRAVEL**

Erasmus+

Name, First Name:

**Applying for an Erasmus grant, I disclaimed the additional funding concerning green travel.**

**I applied for the additional funding and, if applicable, for additional travelling days concerning green travel.**

**As planned, I used sustainable transportation and additional travelling days. I can verify this with appropriate documents. I know that I have to keep the original documents for proving my sustainable travel for 5 years after the end of my traineeship and I have to submit them to the office for Erasmus traineeships Saxony-Anhalt on enquiry.**

**Other than planned, I did not mainly travel sustainably. Therefore, I disclaim the additional funding for green travel. The amount will be subtracted from my Erasmus grant and charged with the second grant installment.**

**I used sustainable transportation, but contrary to my plans, I needed less additional travelling days.**

**Additional travelling days:**

**The deficit will be subtracted from my Erasmus grant and will be charged with the second grant installment.**
